

SYNTHESISED TEXT
OF THE MLI AND THE CONVENTION BETWEEN
THE POLISH PEOPLE’S REPUBLIC
AND
JAPAN
FOR THE AVOIDANCE OF DOUBLE TAXATION
WITH RESPECT TO TAXES ON INCOME

This document presents the synthesized text for the application of the Convention between the Polish People’s Republic and Japan for the Avoidance of Double Taxation with respect to Taxes on Income signed in Tokyo on 20 February 1980 (the “Convention”), as modified by the Multilateral Convention to Implement Tax Treaty Related Measures to Prevent Base Erosion and Profit Shifting signed by Poland and Japan on 7 June 2017 (the “MLI”).

This document was prepared in consultation with the competent authorities of Japan and represents the shared understanding of the modifications made to the Convention by the MLI.

The document was prepared on the basis of the MLI positions submitted to the Depositary upon the deposit of the ratification or acceptance instrument:

- by Poland on 23 January 2018; and
- by Japan on 26 September 2018.

The effects of the MLI on the application of the Convention can change over time as the MLI is a living instrument and Parties can partially modify their MLI positions in the future.

The purpose of this document is to facilitate the application of the MLI. It constitutes an auxiliary tool only, aimed at documenting the impact of the MLI on the Convention. This document does not constitute a source of law. The authentic legal texts of the Convention and the MLI, remain the only sources of law.

For legal purposes, the provisions of the MLI must be interpreted alongside the Convention, in light of the interaction of the MLI positions of the Contracting States.

The provisions of the MLI that are applicable with respect to the provisions of the Convention are included in boxes throughout the text of this document in the context of the relevant provisions of the Convention.

The boxes containing the provisions of the MLI have generally been inserted in accordance with the ordering of the provisions of the 2017 OECD Model Tax Convention.

Changes to the text of the provisions of the MLI have been made to conform the terminology used in the MLI to the terminology used in the Convention (such as “Covered Tax Agreement” and “Convention”, “Contracting Jurisdictions” and “Contracting States”), to ease the comprehension of the provisions of the MLI.

The changes in terminology are intended to increase the readability of the document and are not intended to change the substance of the provisions of the MLI.

Entry into force and entry into effect of the MLI

Entry into force of the MLI:

- for Poland: 1 July 2018; and
- for Japan: 1 January 2019.

The provisions of the MLI applicable to the Convention do not take effect on the same dates as the original provisions of the Convention. Each of provisions of the MLI could take effect on different dates, depending on the types of taxes involved (taxes withheld at source or other taxes levied) and on the choices made by the Contracting States in their MLI positions.

Hence, unless it is stated otherwise elsewhere in this document, in accordance with Article 35(1) of the MLI, the provisions of Article 3(1), Article 4(1), Article 5(6), Article 6(1), Article 7(1), Article 9(4) and Article 17(1) of the MLI have effect with respect to the application of the Convention by Poland:

- with respect to taxes withheld at source on amounts paid or credited to non-residents, where the event giving rise to such taxes occurs on or after 1 January 2019; and
- with respect to all other taxes levied by Poland, for taxes levied with respect to taxable periods beginning on or after 1 July 2019;

and

in accordance with Article 35(1) of the MLI, the provisions of Article 3(1), Article 4(1), Article 5(6), Article 6(1), Article 7(1), Article 9(4) and Article 17(1) of the MLI have effect with respect to the application of the Convention by Japan:

- with respect to taxes withheld at source on amounts paid or credited to non-residents, where the event giving rise to such taxes occurs on or after 1 January 2019; and
- with respect to all other taxes levied by Japan, for taxes levied with respect to taxable periods beginning on or after 1 July 2019.

CONVENTION
BETWEEN
THE POLISH PEOPLE’S REPUBLIC
AND
JAPAN
FOR THE AVOIDANCE OF DOUBLE TAXATION
WITH RESPECT TO TAXES ON INCOME

The Government of the Polish People’s Republic and the Government of Japan,

Desiring to further develop and facilitate the economic relationship between the two countries, and

Having decided to conclude a Convention for the avoidance of double taxation with respect to taxes on income,

The following preamble text described in paragraph 1 of Article 6 of the MLI is included in the preamble of this Convention:

ARTICLE 6 OF THE MLI – PURPOSE OF A COVERED TAX AGREEMENT

Intending to eliminate double taxation with respect to the taxes covered by [*this Convention*] without creating opportunities for non-taxation or reduced taxation through tax evasion or avoidance (including through treaty-shopping arrangements aimed at obtaining reliefs provided in [*the Convention*] for the indirect benefit of residents of third jurisdictions),

have agreed as follows:

Article 1

This Convention shall apply to persons who are residents of one or both of the Contracting States.

The following paragraph 1 (as modified by paragraph 3) of Article 3 of the MLI applies and supersedes the provisions of this Convention:

ARTICLE 3 OF THE MLI – TRANSPARENT ENTITIES

For the purposes of [the Convention], income derived by or through an entity or arrangement that is treated as wholly or partly fiscally transparent under the tax law of either [Contracting State] shall be considered to be income of a resident of a [Contracting State] but only to the extent that the income is treated, for purposes of taxation by that [Contracting State], as the income of a resident of that [Contracting State]. In no case shall the provisions of this paragraph be construed to affect a [Contracting State's] right to tax the residents of that [Contracting State].

Article 2

1. The taxes which are the subject of this Convention are:

- (a) In Poland:
 - (i) the income tax (podatek dochodowy);
 - (ii) the tax on wages or salaries (podatek od wynagrodzeń); and
 - (iii) the surcharge on the income tax or on the tax on wages or salaries (podatek wyrównawczy)(hereinafter referred to as “Polish tax”);
- (b) In Japan:
 - (i) the income tax;
 - (ii) the corporation tax; and
 - (iii) the local inhabitant taxes(hereinafter referred to as “Japanese tax”).

2. This Convention shall also apply to any identical or substantially similar taxes, whether national or local, which are imposed after the date of signature of this Convention in addition to, or in place of, those referred to in the preceding paragraph. The competent authorities of the Contracting States shall notify to each other any changes which have been made in their respective taxation laws within a reasonable period of time after such changes.

Article 3

1. For the purposes of this Convention, unless the context otherwise requires:
 - (a) the term “Poland” means the Polish People’s Republic, and when used in a geographical sense, means all the territory in which the laws relating to Polish tax are in force;
 - (b) the term “Japan”, when used in a geographical sense, means all the territory in which the laws relating to Japanese tax are in force;
 - (c) the terms “a Contracting State” and “the other Contracting State” mean Poland or Japan, as the context requires;
 - (d) the term “tax” means Polish tax or Japanese tax, as the context requires;

 - (f) the term “company” means any body corporate or any entity which is treated as a body corporate for tax purposes;

 - (h) the term “nationals” means all individuals possessing the nationality of either Contracting State and all juridical persons created or organized under the laws of that Contracting State and all organizations without juridical personality treated for the purposes of tax of that Contracting State as juridical persons created or organized under the laws of that Contracting State;
 - (i) the term “competent authority” in relation to a Contracting State means the Minister of Finance of that Contracting State or his authorized representative;
 - (j) the term “international traffic” means any transport by a ship or aircraft operated by an enterprise of a Contracting State, except when the ship or aircraft is operated solely between places in the other Contracting State.
2. As regards the application of this Convention by a Contracting State, any term not defined therein shall, unless the context otherwise requires, have the meaning which it has under the laws of that Contracting State concerning the taxes to which this Convention applies.

Article 4

1. For the purposes of this Convention, the term “resident of a Contracting State” means any person who, under the laws of that Contracting State, is liable to tax therein by reason of his domicile, residence, place of head or main office or any other criterion of a similar nature. But this term does not include any person who is liable to tax in that Contracting State in respect only of income from sources therein.
2. Where by reason of the provisions of paragraph 1 an individual is a resident of both Contracting States, then the competent authorities of the Contracting States shall determine by mutual agreement the Contracting State of which that individual shall be deemed to be a resident for the purposes of this Convention.

[REPLACED by paragraph 1 of Article 4 of the MLI (as modified by subparagraph (e) of paragraph 3)]

~~[3. Where by reason of the provisions of paragraph 1 a person other than an individual is a resident of both Contracting States, then it shall be deemed to be a resident of the Contracting State in which its head or main office is situated.]~~

The following paragraph 1 (as modified by subparagraph (e) of paragraph 3) of Article 4 of the MLI replaces the provisions of paragraph 3 of Article 4 of this Convention:

ARTICLE 4 OF THE MLI – DUAL RESIDENT ENTITIES

Where by reason of the provisions of [*the Convention*] a person other than an individual is a resident of both [*Contracting States*], the competent authorities of the [*Contracting States*] shall endeavour to determine by mutual agreement the [*Contracting State*] of which such person shall be deemed to be a resident for the purposes of [*the Convention*], having regard to its place of effective management, the place where it is incorporated or otherwise constituted and any other relevant factors. In the absence of such agreement, such person shall not be entitled to any relief or exemption from tax provided by [*the Convention*].

Article 5

1. For the purposes of this Convention, the term “permanent establishment” means a fixed place of business through which the business of an enterprise is wholly or partly carried on.
2. The term “permanent establishment” includes especially:
 - (a) a place of management;
 - (b) a branch;
 - (c) an office;
 - (d) a factory;
 - (e) a workshop;
 - (f) a mine, an oil or gas well, a quarry or any other place of extraction

of natural resources.

3. A building site or construction or installation project constitutes a permanent establishment only if it lasts more than twelve months.

4. Notwithstanding the provisions of the preceding paragraphs, the term "permanent establishment" shall be deemed not to include:

- (a) the use of facilities solely for the purpose of storage, display or delivery of goods or merchandise belonging to the enterprise;
- (b) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of storage, display or delivery;
- (c) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of processing by another enterprise;
- (d) the maintenance of a fixed place of business solely for the purpose of purchasing goods or merchandise or of collecting information, for the enterprise;
- (e) the maintenance of a fixed place of business solely for the purpose of carrying on, for the enterprise, any other activity of a preparatory or auxiliary character;
- (f) the maintenance of a fixed place of business solely for any combination of activities mentioned in sub-paragraphs (a) to (e), provided that the overall activity of the fixed place of business resulting from this combination is of a preparatory or auxiliary character.

5. Notwithstanding the provisions of paragraphs 1 and 2, where a person - other than an agent of an independent status to whom the provisions of paragraph 6 apply - is acting on behalf of an enterprise and has, and habitually exercises, in a Contracting State an authority to conclude contracts in the name of the enterprise, that enterprise shall be deemed to have a permanent establishment in that Contracting State in respect of any activities which that person undertakes for the enterprise, unless the activities of such person are limited to those mentioned in paragraph 4 which, if exercised through a fixed place of business, would not make this fixed place of business a permanent establishment under the provisions of that paragraph.

6. An enterprise shall not be deemed to have a permanent establishment in a Contracting State merely because it carries on business in that Contracting State through a broker, general commission agent or any other agent of an independent status, provided that such persons are acting in the ordinary course of their business.

7. The fact that a company which is a resident of a Contracting State controls or is controlled by a company which is a resident of the other Contracting State, or which carries on business in that other Contracting State (whether through a permanent establishment or otherwise), shall not of itself constitute either company a permanent establishment of the other.

Article 6

1. Income derived by a resident of a Contracting State from immovable property situated in the other Contracting State may be taxed in that other Contracting State.
2. The term “immovable property” shall have the meaning which it has under the laws of the Contracting State in which the property in question is situated. The term shall in any case include property accessory to immovable property, livestock and equipment used in agriculture and forestry, rights to which the provisions of general law respecting immovable property apply, usufruct of immovable property and rights to variable or fixed payments as consideration for the working of, or the right to work, mineral deposits, sources and other natural resources; ships and aircraft shall not be regarded as immovable property.
3. The provisions of paragraph 1 shall apply to income derived from the direct use, letting, or use in any other form of immovable property.
4. The provisions of paragraphs 1 and 3 shall also apply to the income from immovable property of an enterprise and to income from immovable property used for the performance of independent personal services.

Article 7

1. The profits of an enterprise of a Contracting State shall be taxable only in that Contracting State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on business as aforesaid, the profits of the enterprise may be taxed in that other Contracting State but only so much of them as is attributable to that permanent establishment.
2. Subject to the provisions of paragraph 3, where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently with the enterprise of which it is a permanent establishment.
3. In determining the profits of a permanent establishment, there shall be allowed as deductions expenses which are incurred for the purposes of the permanent establishment, including executive and general administrative expenses so incurred, whether in the Contracting State in which the permanent establishment is situated or elsewhere.
4. Insofar as it has been customary in a Contracting State to determine the profits to be attributed to a permanent establishment on the basis of an apportionment of the total profits of the enterprise to its various parts, nothing in paragraph 2 shall preclude that Contracting State from determining the profits to be taxed by such an apportionment as may be customary; the method of apportionment adopted shall,

however, be such that the result shall be in accordance with the principles contained in this Article.

5. No profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.

6. For the purposes of the provisions of the preceding paragraphs, the profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the contrary.

7. Where profits include items of income which are dealt with separately in other Articles of this Convention, then the provisions of those Articles shall not be affected by the provisions of this Article.

Article 8

1. Profits from the operation of ships or aircraft in international traffic carried on by an enterprise of a Contracting State shall be taxable only in that Contracting State.

2. In respect of the operation of ships or aircraft in international traffic carried on by an enterprise of a Contracting State, that enterprise, if an enterprise of Poland, shall be exempt from the enterprise tax in Japan, and, if an enterprise of Japan, shall be exempt from any tax similar to the enterprise tax in Japan which may hereafter be imposed in Poland.

3. The provisions of paragraphs 1 and 2 shall also apply to profits derived from the participation in a pool, a joint business or in an international operating agency.

Article 9

Where

- (a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State, or
- (b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State,

and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included in the profits of that enterprise and taxed accordingly.

The following paragraph 1 of Article 17 of the MLI applies and supersedes the provisions of this Convention:

ARTICLE 17 OF THE MLI – CORRESPONDING ADJUSTMENTS

Where a [Contracting State] includes in the profits of an enterprise of that [Contracting State] - and taxes accordingly - profits on which an enterprise of the other [Contracting State] has been charged to tax in that other [Contracting State] and the profits so included are profits which would have accrued to the enterprise of the first-mentioned [Contracting State] if the conditions made between the two enterprises had been those which would have been made between independent enterprises, then that other [Contracting State] shall make an appropriate adjustment to the amount of the tax charged therein on those profits. In determining such adjustment, due regard shall be had to the other provisions of [the Convention] and the competent authorities of the [Contracting States] shall if necessary consult each other.

Article 10

1. Dividends paid by a company which is a resident of a Contracting State to a resident of the other Contracting State may be taxed in that other Contracting State.
2. However, such dividends may also be taxed in the Contracting State of which the company paying the dividends is a resident, and according to the laws of that Contracting State, but if the recipient is the beneficial owner of the dividends the tax so charged shall not exceed 10 per cent of the gross amount of the dividends.
3. The term “dividends” as used in this Article means income from shares or other rights, not being debt-claims, participating in profits, as well as income from other corporate rights which is subjected to the same taxation treatment as income from shares by the taxation laws of the Contracting State of which the company making the distribution is a resident.
4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State of which the company paying the dividends is a resident, through a permanent establishment situated therein, or performs in that other Contracting State independent personal services from a fixed base situated therein, and the holding in respect of which the dividends are paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.
5. Where a company which is a resident of a Contracting State derives profits or income from the other Contracting State, that other Contracting State may not impose any tax on the dividends paid by the company, except insofar as such dividends are paid to a resident of that other Contracting State or insofar as the holding in respect of

which the dividends are paid is effectively connected with a permanent establishment or a fixed base situated in that other Contracting State, nor subject the company's undistributed profits to a tax on the company's undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in that other Contracting State.

Article 11

1. Interest arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other Contracting State.

2. However, such interest may also be taxed in the Contracting State in which it arises, and according to the laws of that Contracting State, but if the recipient is the beneficial owner of the interest the tax so charged shall not exceed 10 per cent of the gross amount of the interest.

3. Notwithstanding the provisions of paragraph 2, interest arising in a Contracting State and derived by the Government of the other Contracting State including local authorities thereof, the Central Bank of that other Contracting State or any financial institution wholly owned by that Government, or by any resident of the other Contracting State with respect to debt-claims guaranteed or indirectly financed by the Government of that other Contracting State including local authorities thereof, the Central Bank of that other Contracting State or any financial institution wholly owned by that Government shall be exempt from tax in the first-mentioned Contracting State.

4. The term "interest" as used in this Article means income from debt-claims of every kind, whether or not secured by mortgage and whether or not carrying a right to participate in the debtor's profits, and in particular, income from Government securities and income from bonds or debentures, including premiums and prizes attaching to such securities, bonds or debentures.

5. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the interest, being a resident of a Contracting State, carries on business in the other Contracting State in which the interest arises, through a permanent establishment situated therein, or performs in that other Contracting State independent personal services from a fixed base situated therein, and the debt-claim in respect of which the interest is paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

6. Interest shall be deemed to arise in a Contracting State when the payer is that Contracting State itself, a local authority or a resident of that Contracting State. Where, however, the person paying the interest, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the indebtedness on which the interest is paid was incurred, and such interest is borne by such permanent establishment or fixed base, then such interest shall be deemed to arise in the Contracting State in which the permanent establishment or fixed base is situated.

7. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the interest, having regard to the debt-claim for which it is paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

Article 12

1. Royalties arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other Contracting State.

2. (a) Industrial royalties may also be taxed in the Contracting State in which they arise, and according to the laws of that Contracting State, but the tax so charged shall not exceed 10 per cent of the gross amount of the royalties if the beneficial owner of the royalties is a resident of the other Contracting State.

(b) Cultural royalties shall be exempt from tax in the Contracting State in which they arise if the beneficial owner of the royalties is a resident of the other Contracting State.

3. (a) The term “industrial royalties” as used in paragraph 2 means payments of any kind received as a consideration for the use of, or the right to use, any patent, trade mark, design or model, plan, secret formula or process, or for the use of, or the right to use, industrial, commercial or scientific equipment, or for information concerning industrial, commercial or scientific experience.

(b) The term “cultural royalties” as used in paragraph 2 means payments of any kind received as a consideration for the use of, or the right to use, any copyright of literary, artistic or scientific work including cinematograph films and films or tapes for radio or television broadcasting.

4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the royalties, being a resident of a Contracting State, carries on business in the other Contracting State in which the royalties arise, through a permanent establishment situated therein, or performs in that other Contracting State independent personal services from a fixed base situated therein, and the right or property in respect of which the royalties are paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

5. Royalties shall be deemed to arise in a Contracting State when the payer is that Contracting State itself, a local authority or a resident of that Contracting State. Where, however, the person paying the royalties, whether he is a resident of a Contracting

State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the liability to pay the royalties was incurred, and such royalties are borne by such permanent establishment or fixed base, then such royalties shall be deemed to arise in the Contracting State in which the permanent establishment or fixed base is situated.

6. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the royalties, having regard to the use, right or information for which they are paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

Article 13

1. Gains derived by a resident of a Contracting State from the alienation of immovable property referred to in Article 6 and situated in the other Contracting State may be taxed in that other Contracting State.

2. Gains from the alienation of any property, other than immovable property, forming part of the business property of a permanent establishment which an enterprise of a Contracting State has in the other Contracting State or of any property, other than immovable property, pertaining to a fixed base available to a resident of a Contracting State in the other Contracting State for the purpose of performing independent personal services, including such gains from the alienation of such a permanent establishment (alone or together with the whole enterprise) or of such a fixed base, may be taxed in that other Contracting State.

3. Gains derived by a resident of a Contracting State from the alienation of ships or aircraft operated in international traffic and any property, other than immovable property, pertaining to the operation of such ships or aircraft shall be taxable only in that Contracting State.

[MODIFIED by paragraph 4 of Article 9 of the MLI]

[4. Gains from the alienation of any property other than those referred to in paragraphs 1, 2 and 3 shall be taxable only in the Contracting State of which the alienator is a resident.]

The following paragraph 4 of Article 9 of the MLI applies and supersedes paragraph 4 of Article 13 of this Convention¹:

**ARTICLE 9 OF THE MLI – CAPITAL GAINS FROM ALIENATION OF SHARES
OR INTERESTS OF ENTITIES DERIVING THEIR VALUE PRINCIPALLY FROM
IMMOVABLE PROPERTY**

For purposes of [the Convention], gains derived by a resident of a [Contracting State] from the alienation of shares or comparable interests, such as interests in a partnership or trust, may be taxed in the other [Contracting State] if, at any time during the 365 days preceding the alienation, these shares or comparable interests derived more than 50 per cent of their value directly or indirectly from immovable property (real property) situated in that other [Contracting State].

Article 14

1. Income derived by a resident of a Contracting State in respect of professional services or other activities of an independent character shall be taxable only in that Contracting State unless he has a fixed base regularly available to him in the other Contracting State for the purpose of performing his activities. If he has such a fixed base, the income may be taxed in that other Contracting State but only so much of it as is attributable to that fixed base.

2. The term “professional services” includes, especially, independent scientific, literary, artistic, educational or teaching activities as well as the independent activities of physicians, lawyers, engineers, architects, dentists and accountants.

Article 15

1. Subject to the provisions of Articles 16, 18, 19, 20 and 21, salaries, wages and other similar remuneration derived by a resident of a Contracting State in respect of an employment shall be taxable only in that Contracting State unless the employment is exercised in the other Contracting State. If the employment is so exercised, such remuneration as is derived therefrom may be taxed in that other Contracting State.

2. Notwithstanding the provisions of paragraph 1, remuneration derived by a resident of a Contracting State in respect of an employment exercised in the other Contracting State shall be taxable only in the first-mentioned Contracting State if:

- (a) the recipient is present in that other Contracting State for a period or periods not exceeding in the aggregate 183 days in the calendar year concerned; and

¹ In practice it means that the application of Article 13(4) of the Convention is modified by adding to the Convention the real-estate clause, which is provided in Article 9(4) of the MLI.

- (b) the remuneration is paid by, or on behalf of, an employer who is not a resident of that other Contracting State; and
- (c) the remuneration is not borne by a permanent establishment or a fixed base which the employer has in that other Contracting State.

3. Notwithstanding the provisions of the preceding paragraphs, remuneration derived in respect of an employment exercised aboard a ship or aircraft operated in international traffic by an enterprise of a Contracting State may be taxed in that Contracting State.

Article 16

Article 17

Notwithstanding the provisions of Articles 14 and 15, income derived by a resident of a Contracting State as an entertainer, such as a theatre, motion picture, radio or television artiste, and a musician, or as an athlete, from his personal activities as such exercised in the other Contracting State, may be taxed in that other Contracting State.

Such income shall, however, be exempt from tax in that other Contracting State if such activities are exercised by an individual, being a resident of the first-mentioned Contracting State, pursuant to a special programme for cultural exchange agreed upon between the Governments of the two Contracting States.

2. Where income derived in respect of personal activities exercised by an entertainer or an athlete in his capacity as such accrues not to the entertainer or athlete himself but to another person, that income may, notwithstanding the provisions of Articles 7, 14 and 15, be taxed in the Contracting State in which the activities of the entertainer or athlete are exercised.

Such income shall, however, be exempt from tax in that Contracting State if such income is derived from the activities exercised by an individual, being a resident of the other Contracting State, pursuant to a special programme for cultural exchange agreed upon between the Governments of the two Contracting States and accrues to another person who is a resident of that other Contracting State.

Article 18

Subject to the provisions of paragraph 2 of Article 19, pensions and other similar remuneration paid to a resident of a Contracting State in consideration of past employment and any annuity paid to such resident shall be taxable only in that

Contracting State.

Article 19

- (b) However, such remuneration shall be taxable only in the other Contracting State if the services are rendered in that other Contracting State and the individual is a resident of that other Contracting State who:
 - (i) is a national of that other Contracting State; or

Article 23

1. Subject to the Polish taxation law²:

[REPLACED by paragraph 6 of Article 5 of the MLI]

~~[(a) Where a resident of Poland derives income which, in accordance with the provisions of this Convention, may be taxed in Japan, Poland shall, subject to the provisions of sub-paragraph (b), exempt such income from tax but may, in calculating tax on the remaining income of that resident, apply the rate of tax which would have been applicable if the exempted income had not been so exempted.]~~

The following paragraph 6 of Article 5 of the MLI replaces subparagraph (a) of paragraph 1 of Article 23 of this Convention:

ARTICLE 5 OF THE MLI – APPLICATION OF METHODS FOR ELIMINATION OF DOUBLE TAXATION (Option C)

Where a resident of [Poland] derives income which may be taxed in [Japan] in accordance with the provisions of [the Convention] (except to the extent that these provisions allow taxation by [Japan] solely because the income is also income derived by a resident of [Japan]), [Poland] shall allow as a deduction from the tax on the income of that resident, an amount equal to the income tax paid in [Japan].

Such deduction shall not, however, exceed that part of the income tax, as computed before the deduction is given, which is attributable to the income which may be taxed in [Japan].

Where in accordance with any provision of [the Convention] income derived by a resident of [Poland] is exempt from tax in [Poland], [Poland] may nevertheless, in calculating the amount of tax on the remaining income of such resident, take into account the exempted income.

- (b) Where a resident of Poland derives income which, in accordance with the provisions of Articles 10, 11 and 12, may be taxed in Japan, Poland shall allow as a deduction from the Polish tax on the income of that resident an amount equal to the tax paid in respect of that income in Japan. Such deduction shall not, however, exceed the part of the Polish tax, as computed before the deduction is given, which is appropriate to that income.

² Please note that in the Polish alternate of this Convention, the provision regarding the Polish method of elimination of double taxation is numbered as Art. 23(1), while the provision regarding the Japanese method of elimination of double taxation is numbered as Art. 23(2). In the Japanese alternate, the Polish method of elimination of double taxation is numbered as Art. 23(2), while the provision regarding the Japanese method of elimination of double taxation is numbered as Art. 23(1).

2. Subject to the laws of Japan regarding the allowance as a credit against Japanese tax of tax payable in any country other than Japan:

- (a) Where a resident of Japan derives income from Poland which may be taxed in Poland in accordance with the provisions of this Convention, the amount of Polish tax payable in respect of that income shall be allowed as a credit against the Japanese tax imposed on that resident. The amount of credit, however, shall not exceed that part of the Japanese tax which is appropriate to that income.
- (b) Where the income derived from Poland is a dividend paid by a company which is a resident of Poland to a company which is a resident of Japan and which owns not less than 25 per cent either of the voting shares of the company paying the dividend, or of the total shares issued by that company, the credit shall take into account the Polish tax payable by the company paying the dividend in respect of its income.

Article 24

1. The nationals of a Contracting State shall not be subjected in the other Contracting State to any taxation or any requirement connected therewith which is other or more burdensome than the taxation and connected requirements to which nationals of that other Contracting State in the same circumstances are or may be subjected. 2. The taxation on a permanent establishment or a fixed base which a person being a resident of a Contracting State has in the other Contracting State shall not be less favourably levied in that other Contracting State than the taxation levied on persons being residents of that other Contracting State carrying on the same activities.

This provision shall not be construed as obliging a Contracting State to grant to residents of the other Contracting State any personal allowances, reliefs and reductions for taxation purposes on account of civil status or family responsibilities which it grants to its own residents.

3. Except where the provisions of Article 9, paragraph 7 of Article 11, or paragraph 6 of Article 12, apply, interest, royalties and other disbursements paid by an enterprise of a Contracting State to a resident of the other Contracting State shall, for the purpose of determining the taxable profits of such enterprise, be deductible under the same conditions as if they had been paid to a resident of the first-mentioned Contracting State.

4. Enterprises of a Contracting State, the capital of which is wholly or partly owned or controlled, directly or indirectly, by one or more residents of the other Contracting State, shall not be subjected in the first-mentioned Contracting State to any taxation or any requirement connected therewith which is other or more burdensome than the taxation and connected requirements to which other similar enterprises of the first-mentioned Contracting State are or may be subjected.

5. The provisions of this Article shall, notwithstanding the provisions of Article 2, apply to taxes of every kind and description.

6. The provisions of this Article shall not affect the diversified taxation system in respect of taxes on income or profits which is established in Poland for the socialized enterprises.

Article 25

1. Where a person considers that the actions of one or both of the Contracting States result or will result for him in taxation not in accordance with the provisions of this Convention, he may, irrespective of the remedies provided by the domestic laws of those Contracting States, present his case to the competent authority of the Contracting State of which he is a resident or, if his case comes under paragraph 1 of Article 24, to that of the Contracting State of which he is a national. The case must be presented within three years from the first notification of the action resulting in taxation not in accordance with the provisions of this Convention.

2. The competent authority shall endeavour, if the objection appears to it to be justified and if it is not itself able to arrive at a satisfactory solution, to resolve the case by mutual agreement with the competent authority of the other Contracting State, with a view to the avoidance of taxation not in accordance with the provisions of this Convention. Any agreement reached shall be implemented notwithstanding any time limits in the domestic laws of the Contracting States.

3. The competent authorities of the Contracting States shall endeavour to resolve by mutual agreement any difficulties or doubts arising as to the interpretation or application of this Convention. They may also consult together for the elimination of double taxation in cases not provided for in this Convention.

4. The competent authorities of the Contracting States may communicate with each other directly for the purpose of reaching an agreement in the sense of the preceding paragraphs.

Article 26

1. The competent authorities of the Contracting States shall exchange such information as is necessary for the carrying out of the provisions of this Convention or of the domestic laws of the Contracting States concerning taxes covered by this Convention insofar as the taxation thereunder is not contrary to this Convention. Any information so exchanged shall be treated as secret and shall not be disclosed to any persons or authorities other than those concerned with the assessment or collection of the taxes which are the subject of this Convention.

2. In no case shall the provisions of paragraph 1 be construed so as to impose on a Contracting State the obligation:

- (a) to carry out administrative measures at variance with the laws and the

administrative practice of that or of the other Contracting State;

- (b) to supply information which is not obtainable under the laws or in the normal course of the administration of that or of the other Contracting State; or
- (c) to supply information which would disclose any trade, business, industrial, commercial or professional secret or trade process, or information, the disclosure of which would be contrary to public policy.

The following paragraph 1 of Article 7 of the MLI applies and supersedes the provisions of this Convention³:

ARTICLE 7 OF THE MLI – PREVENTION OF TREATY ABUSE *(Principal purposes test provision)*

Notwithstanding any provisions of [*the Convention*], a benefit under [*the Convention*] shall not be granted in respect of an item of income if it is reasonable to conclude, having regard to all relevant facts and circumstances, that obtaining that benefit was one of the principal purposes of any arrangement or transaction that resulted directly or indirectly in that benefit, unless it is established that granting that benefit in these circumstances would be in accordance with the object and purpose of the relevant provisions of [*the Convention*].

Article 28

1. This Convention shall be ratified and the instruments of ratification shall be exchanged at Warsaw.

2. This Convention shall enter into force on the thirtieth day after the date of the exchange of instruments of ratification and shall be applicable in both Contracting States as respects income for any taxable year beginning on or after the first day of January in the calendar year in which this Convention enters into force.

³ Article 7(1) of the MLI applies to all the provisions of the Convention (as in practice it is added to the Convention).
